

UNIVERSAL PARKING WARNING LIGHT

Product Features

General parking warning light warns the vehicle behind

Product Functions

- It can be stuck and fastened below the license plate without damaging the structure
- When the environment light is lower than 30 LUX, the parking warning light will be turned on automatically
- When the vehicle is driven, the parking warning light will not function because the solar panel is charging power
- The parking warning light can effectively warn other drivers to reduce accidents when in a dark environment or at the nighttime
- Simple installation

通用型無線駐車燈

產品特性

通用型無線駐車燈給予靜置車輛主動的安全警示提醒，提醒後方來車以利損害降低。

產品功能

- 為無線通用型產品，隨意貼附於車上任一部位，也可固定鎖付於車牌下方不破壞車體架構。
- 當環境光線低於30LUX(流明)，立即啟動駐車燈功能。
- 駐車燈可在車輛於光線不佳或夜晚停置時，有效警示用路來車，降低意外事故，路邊停車無煩惱。
- 車輛行駛中，當太陽能板受光時不會啟動駐車燈功能。
- 免接線設計、內建太陽能充電，不須搭接車內電源。
